CASE: CR 08-24-BU-BMM

v.

NOTICE OF BOP REPORT

CHARLES B. PARKE,
Defendant.

Judge: Hon. BRIAN MORRIS
(CHIEF DISTRICT JUDGE)

Enclosed is a report I recieved from the BOP on June 2, 2021 by hand-delivery from prison staff. It is signed by "M. Rios, Regional Director" and dated May 20, 2021. It confirms my COVID-19 "medical-based" risk factors, and shows that even the BOP Regional office does not consider me a danger and recommends home confinement.

However, despite this recommendation (and the prior two Health Services (BOP) recommendations I've highlighted in my Reply, I remain here at Terminal Island.

Despite any further developments I maintain my request for Compassionate Release/Sentence Reduction for the reasons I've argued and the BOP's consistent unreliability on this issue and Terminal Island's continued neglect and unwillingness to prioritize my life and health needs. The failure, in light of multiple recommendations for home confinement increases the significance of my requested grounds for relief despite any further action by Terminal Island, if any.

DATED: June 2, 2021
